

Dear companies from ASEAN countries,
Would you like to extend your business with Hokkaido companies that possess environmental and DX (Digital Transformation) technologies? Hokkaido companies are looking for local partners and distributors.

— Recruitment of companies to participate in online business meetings —

Hokkaido and Sapporo City support the overseas expansion of Hokkaido companies with technologies and know-how in the environment, DX, etc., which contribute to addressing various environmental problem and other social issues.

Within the scope of this support, "Online Business Meetings with Hokkaido Companies" will be held, and we look forward to your participation.

Period of the business meetings: January - early March 2023

※The date and time of the business meeting will be decided upon individual adjustment of the schedule.

Application deadline: February 17, 2023
